Notes:

- The above average inpatient sending rate per bed-day is determined based on the Company's bills for services rendered to patients, which are in accordance with the differences in the dialysis rates and the Company's inpatient admission for some medical cases. It is not a fee.
- The considered increases in outpatient visits and significant increase in cases covered by the period's year-end rising rate of: i) sale of lower-rate online dialysis services through the Company's internet hospitals; and ii) increasing service of dialysis in the medical care in our hospitals.

The above disclosures and indicators are based on the Company's records and the management did not identify any Company's advisors. The disclosures and indicators are different from those disclosed in the annual and semi-annual reports. The disclosures and indicators disclosed in the annual and semi-annual reports shall prevail if there is any discrepancy.

Shareholders and potential investors of the Company are reminded to rationally deal with any information not officially released by the Company, and shareholders and potential investors of the Company should exercise caution when dealing in the shares of the Company.
